Jerusalem Carpet #20817

Description

There was a small production of idiosyncratic carpets from the Bezalel art school in Jerusalem between the wars. This rug was woven horizontally. The light blue field has a triple pole medallion featuring animals and a red border with paired sheep. The tonality is light, nearly pastel, and the pile is quite short. Bezalel rugs of this size are quite rare.

Stock ID:	#20817
General Rug Type:	Other
Specific Rug Type:	Jerusalem Carpet
Circa:	1930
Color:	Blue
Origin:	Israel
Width:	5' 10" (177.8 cm)
Length:	9' (274.32 cm)
